

At 1:47 a.m., Maya says it out loud.

The move. The breakup.
The panic she hides at work.

The AI listens.
Then Maya closes the app.

THE DROP-OFF

**The AI knows her story.
Her therapist knows nothing.**

Getting help still means starting over.

Consent is revocable until sharing.

Maya chooses. The system does not.

THE HUMAN HANDOFF

The therapist starts with context.

Maya still tells her story.
She just does not start from zero.

Maya starts
with a human.
